Visual Studio Code interface showing a project named 'PROJECT' and a file named 'book_metadata'. The 'Data Explorer' sidebar on the left shows a tree view of the project files. The main editor displays a JSON document with a single object containing 'format', 'pages', and 'topline' fields. Below the editor, a table view shows the data for the 'book_metadata' file, with columns for 'book_id', 'title', 'author', 'published_year', 'category', and 'price'. The table contains four rows of data.
